Art Unit: 2627

1) A Request for Continued Examination (RCE) under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/13/2007 has been entered.

2) The preliminary amendment filed 5/22/2007 is acknowledged. New claim 15 has been added.

3) Claim 15 is rejected under 35 U.S.C. 112, 1st paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The original disclosure fails to specifically teaches that the pre-selected constant is not equal to 1 as now claimed in *new claim* 15. The specification, page 4 teaches that identification number is generated as:

Identification number = Total number of tracks + (Total disk time x 5), wherein the total disk time is expressed in minutes. Therefore, the phrase

Art Unit: 2627

"pre-selected constant is not equal to 1" means that the value of pre-selected constant could be set as 6,7,8,9,10,11,12,...,etc.,, which is greater than 5. The feature of pre-selected constant more than 5 is not supported in the original disclosure and is considered as new matter.

4) Claims 1,5 and 10 are allowed.

5) The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Applicant is reminded that in amending in response to a rejection of claims (if the rejection involves with any applicable arts), the patentable novelty must be clearly shown in view of the state of the art disclosed by the references cited and the objection made. Applicant must also show how the amendments avoid such references and objections. See 37 CFR § 1.111(c).

Form PTO-892 is attached herein.
